KELPIE™ SPG160 Insect Killer

The “Big Boy” is the largest flying insect trap available, and the first choice to many mine sites, camping areas, and public open spaces around the globe.

The solid construction and size alone should be enough to scare even the most tenacious of flying bugs away. But to be sure we have built our tried and proven design and technology into the DNA of the SPG160 to ensure that it delivers on execution and durability.
